BOARD CORRESPONDENCE

To the Residents of Rodeo and Hercules: It has been my pleasure and privilege to serve these two communities over the past 35 years. I promise I am leaving you with the most dedicated and capable personnel the fire service has to offer.

To the Board of Directors: I apologize for not joining you in person, and I thank Chair Hill for reading this on my behalf. Thank you for the opportunity over the last five years to have served as your Fire Chief. As I end my career with the Fire District, I leave you with this: As elected officials, you have the unique opportunity to provide guidance and direction to this Fire district. With that opportunity comes great responsibility to remember that your decisions can affect the District long after your term is over.

Allow the new Fire Chief to lead and give the Chief the respect and support they deserve as the subject matter expert. Stay focused on Board Business and allow the Fire Chief to administer department business.

Above all else, after ensuring the district's ability to provide emergency services to these communities, I cannot stress enough is the personnel, the personnel, the personnel, never forget they are the backbone and the heartbeat of the fire district.

To the Rodeo–Hercules Personnel: It has been my great honor to serve with you on the thin red line. Each of you has earned my utmost respect and admiration for your dedication to this fire district. Each has upheld the traditions and legacy of this nearly 90-year-old department and is a representation of the best the fire service has to offer.

As I leave, remember this, and I know other people have said it, but this truly is the best profession ever. No other profession on the planet holds the same admiration, never take that for granted and uphold people's expectations of that in your personal and professional life. When you come to work, **COME TO WORK**. Never do this job for the accolades, but your commitment to service. Always do the right thing even when no one is looking. Treat everyone like they are family and always, above all else, remember the mission.

It has been my privilege to serve as your Fire Chief, and I would go with any of you to dance with the devil one more time.

Respectfully,

Chief Craig

RODEO-HERCULES FIRE PROTECTION FIRE DISTRICT

MEMORANDUM

TO: Board of Directors, RODEO HERCULES FIRE PROTECTION FIRE DISTRICT

FROM: Darren Johnson, ACTING FIRE CHIEF

DATE: January 12, 2022

RE: Recruitment and Retention Budget Allocation Request

BACKGROUND:

The Board previously received an update regarding the District's recruitment and retention efforts and challenges. Since then, the District posted a recruitment flyer for entry level firefighters and firefighter/paramedics, conducted oral boards and reviewed the results.

In anticipation of two service retirements in March, and three anticipated separations around the same time, the District offered conditional employment letters to five potential recruits. During our hiring process we were unable to hire paramedics due to the lack of paramedic applicants. Other options for paramedics are being explored. The fire chief along with the firefighters have chosen to not participate in the Berkeley F/F I/II academy due to the level of experience of the candidates. All but one has had a recent accredited academy within 15 months of the hiring process and all are affiliated with a fire department.

FISCAL IMPACT:

The District anticipates a cost of \$10,794.71 per new recruit per month (see attached breakdown of cost).

RECOMMENDATION:

It is recommended that the Board approve a budget allocation in the 2021-22 budget of \$215,894.20 for the hiring of 5 firefighter recruits.

All figures are per month, and assume a family rate

	SALARY	FLSA	HOA	PARAMEDIC**	UNIFORM	Matching OPEB	CCCERA	FICA	MEDICAL	DENTAL*	VISION	LIFE	LTD	TOTAL	ANNUAL TOTAL
START	\$ 6,156.00	\$ 160.77	\$ 495.02	\$ -	\$ 55.00	\$ 230.85	\$ 1,200.00	\$ 175.00	\$ 2,228.36		\$ 29.52	\$ 35.19	\$ 29.00	\$ 10,794.71	\$ 129,536.52

*There is a six month waiting period for dental benefits, there is no impact to the 21-22 budget

**No firefighter paramedics are being hired at this time, the monthly incentive is \$905.30

STARTING Salary is a 6 month Step, after that, each step is 1 year before the next increase.

Alameda County Employees' Retirement Assn., et al.*, and referred to as the *Alameda* decision was on the agenda for discussion at the September 8 CCCERA Board meeting. The determinations made during that meeting are as follows: The Board of Retirement considered the issues of member contributions and retirement benefit adjustments in connection with elements of pay no longer pensionable under AB 197 and the *Alameda* decision. The Board adopted Resolution 2021-5 that authorizes the following actions in compliance with the *Alameda* decision and applicable state and federal law:

- 2) Determine all overpayments of benefits made to retired members due to excluded Estoppel Benefits and On-Call Pay Items since July 12, 2014, and recover those overpayments from the affected members, with appropriate interest, net of any contributions made on and after July 12, 2014, attributable to such excluded items, in a manner that complies with applicable federal tax rules and California law.
- 3) Determine appropriate adjustments to the future retirement benefits paid to affected members in Item 2 above and implement those adjustments at the earliest practicable time.

The above actions will commence upon the final resolution of the three AB 197 lawsuits involving CCCERA. **Reporting:** Acting Chief Johnson

Labor Relations – Personnel - New COVID-19 safety precautions are now in place that meet the State of California mandates for vaccinated and unvaccinated employees. Crew safety and protection remain our most significant concerns. Crews strictly follow CDC, County Health, and the Medical Directors' guidelines on personal protective equipment, EMS responses, and decontamination. Personnel currently monitor their health before, when arriving and during their duty shift. Personal protective equipment supplies and burn rates are monitored and tracked by the department's medical program manager. The district is currently following recommended CDC guidelines in response to employee illness and or exposure to COVID-19. Unvaccinated employees perform a COVID test upon returning to the station after days off work or returning from an out of county assignment.

We have had 3 personnel infected with Covid since December of last year. As of January 6, we have two personnel off.

Reporting: Acting Chief Johnson

Fire Stations/Training Facility

Multi-company training has been paused due to the recent uptick in Covid 19 exposures

Probationary employees are continuing their training and Task Book signoffs.

Reporting: Acting Chief Johnson

Grants/Reimbursements – The Fire District and other agencies have received guidance and authorization from FEMA to submit federal reimbursements for personnel costs associated with vaccination clinics. Contra Costa Counties CAO office is the collection point for all agencies seeking reimbursements from FEMA. The Fire District is required to submit detailed documented payroll information to the CAO's office once a month to be eligible for reimbursements.

Reporting: Acting Chief Johnson
