

Strategic Planning

- Community Stakeholder Meeting
- May 14, 2022

Outcomes

What's in it for me (or my community)?

- How likely is my life, or the lives of my family, going to be saved?
- How much of my property will be saved (value, capabilities, can my business still operate, etc.)?
- What will be my quality of life?
- How much is this going to cost me if I support or don't support my local fire agency? (Out of my pocket)

WILL I BE SAVED?

WILFM?

Outcomes

What's in it for me (or my community)?

- Lowered average fire insurance premium by \$70 per year
- Above average cardiac survival rate
- 70% of fires were stopped so that occupants were NOT displaced
- Zero civilian fire fatalities
- Saved 4 lives (plus some pets)

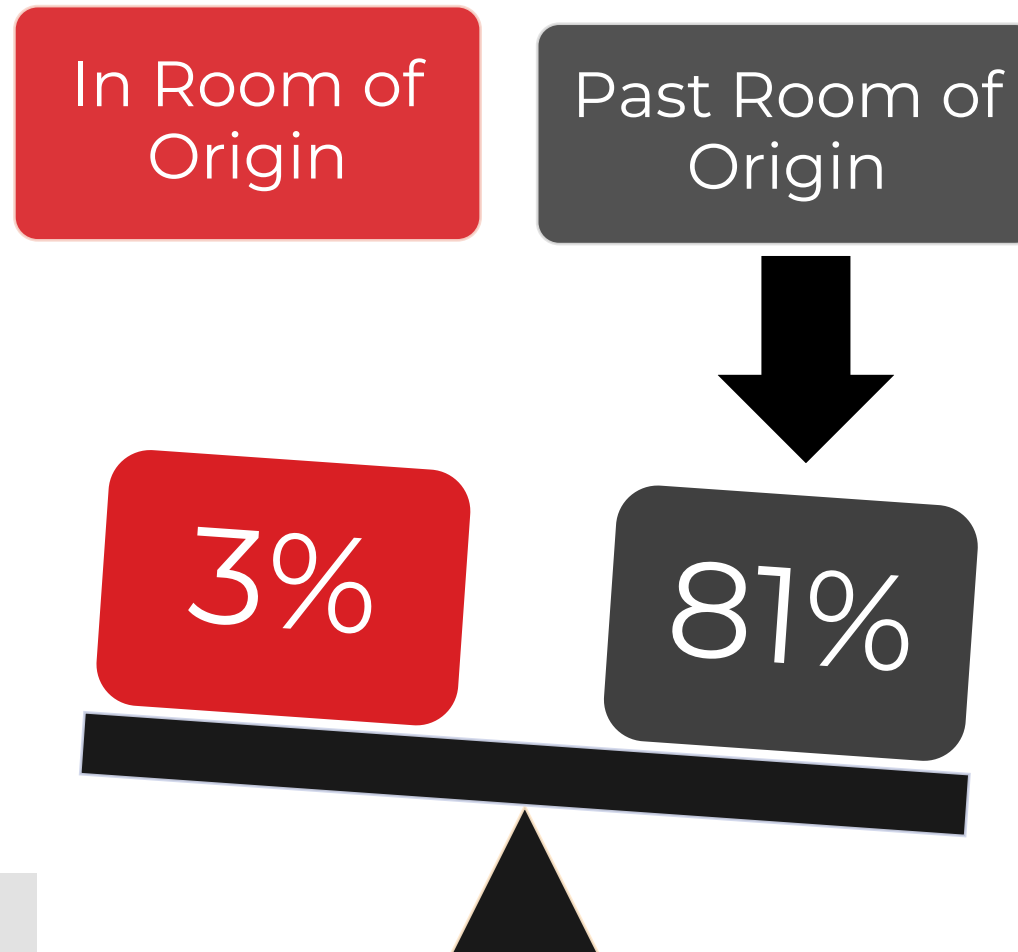

Outcomes

What's in it for me (or my community)?

- Saved three of the ten largest economic generators from going out of business due to significant fires. All three back in business within 24 hours after the fire.
- Cost of service is **47%** below regional average

Chances of Injury or Death in a Home Fire

NFPA Study -2009 to 2013:
2,600 fatalities and 13,000 injuries

How Much Does a Burn Injury Cost?

One year in a
Burn Center =
\$2.6 Million

Average Stay
= 14 weeks
(\$700,000)

Loss of
income at
work?

What is the cost
of Pain and
Suffering?

How Much Would Being Displaced for a Year Cost You?

Original mortgage payment

Moving costs

The insurance deductible and any under-coverage costs

Work and school commutes

New cost of a rental and insurance

Lost financial records, taxes, ownership documents, etc.

The Fire Department as a Property Insurance Policy

Fire Impact Ratios

Protection Grades across California

Insurance Premium Paid per Class

Findings (Outcomes) That Matter

- 01. Saving lives** (people and pets)
- 02. Saving people (and pets) from injuries** (burns, entrapment, lacerations, falls, etc.)
- 03. Preserve property and property value** (keep business open for business)
- 04. Maintain quality of life** (blight, displacement, tax base, etc.)
- 05. Keep insurance rates low**
- 06. Keep cost of service reasonable**
